COUNSELING & GUIDANCE SUPPORTS

Region 4 Accountability and Leadership Solutions provides a full range of guidance and counseling services for campuses and districts to—

- assist counselors in obtaining information to support their roles in helping all students achieve success,
- provide opportunities for counselors to learn and share creative counseling strategies and techniques targeting school-aged students,
- provide a resource network of support for both campus counselors and district coordinators of guidance to share best practices, and
- assist traditional districts and charters in developing and evaluating systemic practices that support compliance of all requirements.
