

How are YOU keeping your school safe?

Protect students with the Safe Schools Project!

Many schools complete background checks through the Texas Department of Public Safety (DPS). However, according to DPS, an estimated 30% to 50% of the conviction records in Texas are never reported by counties to the state, causing significant gaps in the Texas DPS crime database. **The Safe Schools Project finds many conviction records missed by the DPS by checking for records at the county level across the US in places where applicants have lived identified by a Social Security Number Trace.** We provide schools with a cost-effective set of options to reduce the risk and liability of employing or utilizing individuals with criminal records as volunteers.

Features Include:

- Criminal/Sex Offender Database Checks
- Social Security Number Traces
- County and National Checks
- HR Policy & Procedure Consultation
- 1-800 Dispute Resolution Service

Additional Benefits:

- Quickly Identify Criminal Activity
- Find Records Missed by Other Processes
- Find Addresses Not Identified on Application
- Easy-to-Use, Web-Based Program
- Annual Flat-Fee Options
- Find Actionable Information from County Courts

Please contact Region 4 at 713.744.6597 for more information regarding the Safe Schools Project.

The Safe Schools Project

has helped keep over 450 educational organizations safe since 1998!
