Re: 2020–2021 Region 4 Leadership Network Appointments

You are invited to appoint representatives from your district to the 2020–2021 Region 4 Leadership Networks. Region 4 Leadership Networks provide opportunities for district and campus leaders to identify promising practices; share input for planning professional development, products, and services that support identified needs; and network with colleagues from across the region.

For your convenience, we will send an email the week of June 22 including a digital form on which you can submit your district's appointments. This form will be prepopulated with your district's current Leadership Network contacts. We hope that this will simplify the process by requesting only changes or additions to your current list. We will also copy your secretary when we email this form and instructions. Even if your district has not had a representative in the past, you may nominate at least one individual for each Leadership Network. For your convenience, a copy of the 2020–2021 Region 4 Leadership Networks list is attached.

Once appointments are submitted, each network member will receive notification of meeting dates prior to the 2020–2021 school year.

Thank you for your involvement and support in ensuring that your district is represented on the various Region 4 Leadership Networks. If you have any questions about Leadership Network appointments, please contact Kristi Hernandez at khernandez@esc4.net or 713.744.6569.
