

That Feeling When Your **Science Review** Gets Students Truly Engaged

The “Aha.” That moment you see your students get it.
It doesn't get better than that.

Region 4 Science Solutions' **STAAR® Review to Go** is a teacher friendly, TEKS-based test review that offers engaging activities designed to reach all students. Use this product in coordination with our workshops targeting grade-specific needs, and get that feeling today.

Contact science@esc4.net for product details or to schedule customized professional development. At Region 4, we're teachers too.

We get it, and we've got you.

STAAR® Review to Go

This resource offers riveting, rigorous review that will have students engaged and eager to participate. These activities involve entertaining, brain-based exercise, deep-dive discussion, and hands-on hustle as students work to fine-tune their knowledge and show off what they have learned.

Each folder activity includes content review, a literacy component, and a sample test item at the rigor of STAAR. Folders are designed so students can check their own work to monitor their understanding.

Volume 2 books address different TEKS than Volume 1.

Available for grades 4, 5, and 8 and biology. Available in Spanish for grades 4 and 5. \$75 each for hard copy and digital access.

GRADE 4

Volume 1: 460-1984
Vol. 1 (Spanish): 460-2022

GRADE 5
