

SEL & Mental Health Leadership Network

About Our Leadership Network

This leadership network provides an excellent opportunity to collaborate with other professionals with the goal of promoting positive Mental Health and Wellness outcomes through increasing awareness and implementation of Social and Emotional Learning. This group consist of mental health district leads focused on providing supports in the areas of social, emotional, behavioral and mental health services. The goal is to focus on systemic approaches like MTSS that create equitable and sustainable infrastructure for positive student outcomes. Members of this Leadership Network are appointed by their District Superintendent.

Responsibilities of Members

- Help identify needs, resources, and infrastructure
- Facilitate learning to district staff to build awareness and capacity
- Leverage resources to support LEA's in SEL and Mental Health Support

Our monthly Newsletter provides an opportunity to identify relevant resources to consider in order to engage in the work of building SEL and Mental Health initiatives! The Newsletter is distributed to anyone in your school district with a desire for great national, state, and local resources on mental health and social and emotional learning best practice. Just request to be added to the distribution list to Dr. Lakeisha Kearney at: lakeisha.kearney@esc4.net.

If you are seeking information regarding your District Network Representative, please email Dr. Lakeisha Kearney at: lakeisha.kearney@esc4.net.
