

## Symboloo

<http://www.symboloo.com>

Symboloo is a “visual bookmarking tool.” It allows you to organize favorite websites by creating a series of visual bookmarks. You can create your own symboloo webmixes or add an existing webmix to your collection.

PROS	CONS
<ul style="list-style-type: none"><li>• Bookmarks are easily visible on a single page</li><li>• User friendly</li><li>• Easily programmable</li><li>• Easy access for young learners</li><li>• Easily shared through email or via a URL address</li><li>• Free app available for Apple® and Android tablets</li><li>• User accounts are free</li><li>• You can create private or public webmixes</li><li>• You can add in any URL link (i.e. video, doc, photo or website)</li><li>• Tiles can be organized any way you want within a webmix</li><li>• Webmixes can be saved by topic</li></ul>	<ul style="list-style-type: none"><li>• Limited on the number of spaces per webmix</li><li>• Difficult to unlock a webmix once you lock it</li></ul>
